## GROWSMART STORY WRITING & POETRY COMPETITION 2020

### INFORMATION FOR PARTICIPATING SCHOOLS

---

#### Introduction

Growsmart is an educational programme that hosts inter-school competitions in Literacy, Story Writing & Poetry, Mathematics and Science for learners in Grades 4, 5, and 6. A Debating competition is also hosted for learners in Grade 6. A pilot competition in Entrepreneurship is also being hosted for learners in Grade 6 in 2020. It is a corporate social responsibility initiative by Growthpoint Properties and is supported by the Western Cape, Eastern Cape, and Limpopo Education Departments. The broad purpose of the competition is to promote the importance of education in a practical and fun way that will benefit both the schools and their learners.

The Story Writing & Poetry competition will run alongside the normal Growsmart Literacy, Mathematics, Science, Debating, and Entrepreneurship competitions, although it will be completely separate from these.

#### Growsmart Story Writing & Poetry competition

*The Story Writing & Poetry competition is compulsory.*

Each participating school must select the three learners from Grades 4, 5, and 6 who will form the school team for each competition. This can be done through a series of preliminary competitions at the school, conducted by teachers at class level, inter-class level, and grade level. The school has the discretion to decide how all learners can be encouraged to participate in the selection stage.

The mentors will be the coordinators for their elected competitions and they will ensure that their teams are adequately prepared.

There will be a Practise Edition of the Growsmart newspaper, which is designed to be used for selecting your candidates, plus three other editions which will follow prior to each competition level. The concepts will be expanded through stories and activities to be used for reading practice, enjoyment, and comprehension.

The mentor will obtain consent from the parents or legal guardians of each participating learner, ensure the team prepares adequately for each competition round, and arrange transportation for the team to and from the competition venue.

The team that is enrolled with Growsmart will represent your school in the Growsmart Story Writing & Poetry competition.

Each learner needs to submit either a story or poetry anthology AND three book reviews to Growsmart before 16:30 on **22 May 2020**.

Each participating learner will receive a writing pack in a plastic folder consisting of:

- A workbook. This is a prepopulated A4 journal for drafting your story or poems, scribbling, writing down ideas and notes, and planning.

- Book Review template. Each learner will need to submit reviews of three books, in addition to submitting a story or poetry anthology.

Aside from the stationery items, all of the above are to be returned as part of your competition submission.

## CREATIVE WRITING TIPS

---

- Mix news items with incidents from your own life or from your observations or imaginations;
- What emerges should not be a mere retelling of the facts but a creative shaping of the events into a story with your own unique stamp on it;
- Read through newspapers and magazines for inspiration - DO NOT ADAPT any of the articles - that is considered plagiarism and YOU WILL BE DISQUALIFIED;
- Writing that is disorganised and lacking in description can overwhelm the reader - follow a story road map, and use your workbook;
- Read, read, read - other books, not so that you copy their work (as that would be considered plagiarism and YOU WILL BE DISQUALIFIED) but in order to learn and see various ways to tell a story;
- Vary your sentence length;
- Observe and list people around you;
- Identify their mannerisms, facial expressions, their distinctive diction and memorable turns of phrase, note their personality traits and quirks and describe them;
- This will spark your imagination, leading to a story that would literally revolve around you; and
- If you are writing about someone else, make sure to have their consent first.
